Dear Prospective Meeting Sponsor:

The Society for Birth Defects Research and Prevention's [61st Annual Meeting](#) took place last June. Our program included over 40 hours of science including 8 special lectures, 9 symposia, 4 workshops, 5 platform sessions, 3 continuing education courses, plus 5 social and networking events, over 50 posters, and daily micro-community discussions. Various meeting sponsors and grants helped make it possible for the Society to provide an engaging and informative virtual conference for 316 attendees at all career stages hailing from academia, industry, regulatory agencies, consulting companies, and clinical specialties. You may enjoy watching our [video](#) showing of some of the meeting highlights.

Planning for the Society's [62nd Annual Meeting](#) taking place June 25-29, 2022, in Vancouver, British Columbia, Canada, is being led by Bruce K. Beyer, PhD, and his 2022 Program Committee. We invite your organization to become a sponsor of the 62nd Annual Meeting. A list of sponsorship opportunities is attached. Please let us know if we can count on your support, so that we can recognize your organization on the meeting website and in promotional materials and communications. If your organization has a grant program to which we should apply, please let us know.

Thank you in advance for your cooperation and support. We look forward to hearing from you.

Sincerely,

Alan M. Hoberman, PhD, DABT, ATS
